

Construction Update

Week of | 3/22/2016

Site Activity | Utility Improvements, Retaining Wall Progress & Parking Notification

In an effort to keep you updated about the progress at Skyland Town Center, please note the following construction update details.

Utility improvement work in the public space continues and is on schedule to be completed mid-August.

Onsite work at the retaining walls progresses and is on schedule to be completed mid-May.

Additional fencing surrounding the construction site will also be installed this spring.

Please note the parking lot in front of the former CVS building will be closed permanently as of 5am, Wednesday March 30th. This closure is in preparation for demolition of the building and to maintain security of the construction site.

Thank you for your patience as we work to complete Skyland Town Center.
